

Stour Valley Action Group Newsletter

April 2012

Dear Member,

New Horkesley Park Planning Application

Further to our Newsletter of June 2011 in which we advised the rejection of the 2009 Planning Application for Horkesley Park by Colchester Borough Council, we have now received an e-mail from Buntings dated April 25th 2012 advising us of their next Application. The text of this is given below and is self explanatory. This will be the fifth application since the first was submitted in April 2001. We will decide how to react when we have seen the scope of the new application. We strongly advise you to visit the presentation so that you can form your own views and make any comments to them that you think appropriate.

With kind regards.

Will Pavry
Chairman: Stour Valley Action Group

Dear Mr Pavry

As I am sure you are aware we have been working on our plans to create Horkesley Park Heritage and Conservation Centre. We have listened to members of the public, statutory consultees and Colchester Borough Council and have revised the proposals taking into account all of the feedback. Having done so we wish to share what has been achieved and receive further feedback before finalising the proposals. Accordingly, we are holding public consultations on Thursday 10th and Friday 11th of May for this purpose. I hope this will be of interest to you and your members.

The public consultations will be held at the WI Hall in Great Horkesley from 3.00pm-9.00pm on both the Thursday and Friday.

We look forward to sharing the updates at the Consultation.

Yours sincerely

With kind regards

Kate
